**"IT'S BETTER TO AIM HIGH AND MISS,
THAN TO AIM LOW AND HIT."**

Lgylan Industries Sdn Bhd ("Lgylan Industries") is the first and largest industrial-grade uPVC roofing and accessories systems manufacturer in Malaysia, branded under the 'EK Ecoline Industrial uPVC Roofing and Accessories Systems' name. We are a construction materials manufacturing company founded by Dato' Alwin Lui Pack Leong of the EK Group of Companies.

Strategically located in Nilai Industrial Park, Negeri Sembilan, our company utilises 139,900 square feet of land area and our operations are manned by 100 employees.

Our products are manufactured using pure industrial-grade uPVC resins and additives with anti-corrosion and chemical-resistant benefits, making them cost-effective solutions for the market. Lgylan Industries is equipped to meet the discerning demands of the 21st century with its state-of-the-art machinery, equipment and facilities.
